## AVANT GARDE

### Brazil | Colombia | Papua New Guinea

Our famous house blend, where it all began. Poured far and wide, this people's classic is a smooth and rich blend which complements a wide range of palates. Medium bodied and chewy, with complex caramel sweetness rounded out by a smooth, lingering dark chocolate cacao finish.

# SINGLE ORIGIN

#### Rotating single : see in store

Single origin coffees are a great way for the discerning coffee drinkers to taste the flavours associated with individual regions. That's why Underground's head roaster selects, then hot air roasts to perfection each single origin offering, so you know it's always fresh and full of flavour.
